Operating Instructions for the Millennial set: a fiercely honest account of becoming a mother before feeling like a grown up. Meaghan O'Connell always felt totally alienated by the cutesy, sanctimonious, sentimental tone of most writing about motherhood. After getting accidentally pregnant in her twenties, she realized that the book she needed--a brutally honest, agenda-less take on the emotional and existential impact of motherhood--didn't exist. So she decided to write it herself. And Now We Have Everything is O'Connell's brave exploration of transitioning into motherhood as a fledgling young adult. Channeling fears and anxieties that are, shockingly, still taboo and often unspoken, And Now We Have Everything is an unflinchingly frank, funny, and intimate motherhood story for our times, about needing to have a baby in order to stop being one yourself. ...more
